

# DRAWING ASSIGNMENT

## WEEK ONE

DUE WEEK OF OCTOBER 10TH

**The poodle should take up most of the page. Find the middle of the page. Jump up and to the left a little bit.** Draw the poodle in pencil. Always start with the eyes or nose of an animal. Draw the eye. Color it in. Draw the long snout with the nose at the tip and the lip below. Color in the nose. Draw the fluffy fur on top of the head. Draw the ear to the right of the face. Draw the fur of the chest, noticing that it comes almost to a point at the top right. Draw the leg lines below the chest fur. (If you look directly above where the leg goes, you'll see that the leg lines up with the space between the eye and the ear.) Draw the fluffy fur of the leg and the foot below that to the left side of the fluffy fur. Draw the fluffy fur of the back end of the dog. Draw the connecting lines of the body. Draw the bent lines of the back leg. Draw the fluffy fur at the bottom of the back leg and the foot below that to the left side of the fluffy fur. Draw the tail with the fluffy tip. Remember, **NO TRACING!**
