

DRAWING ASSIGNMENT

WEEK SIX

DUE WEEK OF JANUARY 9TH

Draw BIG and in color. Using a black crayon, start with the bow first. Draw the center knot (looks like the letter "C"). Draw the four bows coming off the center knot with everything having thick black lines. The bow in the lower right has a small section of the inside showing so needs an extra line. Draw the two ends of the ribbons. Color in the bow red. When drawing the sides of the box, keep in mind you can see three sides of the cube. Draw the shape of the box first using very thick black lines. Then draw the ribbon lines with the red inside. It doesn't have to be perfect. Just do your best. Remember, NO TRACING!
