

DRAWING ASSIGNMENT

WEEK THREE

DUE WEEK OF OCTOBER 31ST

Turn your sketchpad sideways. The drum should take up most of the page and be drawn in pencil. Starting in the center up at the top of the page, draw the inner circle of the drum top. Draw the circle around that. Draw two short lines down at a slight slant inwards for the sides of the top rim. Draw the bottom line for the top rim. Draw the two lines for the sides of the drum. Draw the line for the edge of the bottom rim. Draw the two lines down for the sides of the bottom rim. Starting at the right side, draw the drum stick that slants down on **top** of the other drum stick. Starting at the left side, draw the drum stick that slants down **under** the other drum stick. Draw the zigzags in the middle of the drum. Color in the lower zigzags a LIGHT gray with your pencil. Color in the rims at the top and the bottom of the drum in a medium gray. (If you shaded it in too dark, you'll lose the line that separates the top of the drum from the side of the drum. Remember, NO TRACING!

FOR ST. THERESA SCHOOL ART CLASSES 2011-2012
