

DRAWING ASSIGNMENT

WEEK TWO

DUE WEEK OF
OCTOBER 24TH

DRAW BIG and in pencil! Turn the sketchpad sideways. With an animal, always start with the eyes or the nose. In the upper left corner, draw the eye, coloring the inside circle black with pencil. Jump down below the eye and start the worm on the upper lip, going around the head, curving up in a hump for the back, curving down for the bend in the tail, back up for the tail, around for the tip of the tail, and then following the body line all the way back up to below the eye where you'll finish by drawing the lower lip. Below the worm's head, draw the center of the flower. Draw the petals on the flower. Draw the two lines for the stem. Draw the leaves on either side of the stem at the bottom. Remember, **NO TRACING!**
