

English Language Arts

St. John Primary English Language Arts program is guided by the Macmillan/McGraw-Hill series. The first and second grade program addresses oral language (oral vocabulary, listening comprehension, phonemic awareness), word study (phonics, spelling, high frequency words, vocabulary), reading (comprehension, fluency), and language arts (grammar and writing). Work stations, retelling cards, leveled readers, anthology selections, interactive charts, and listening library cds are inclusive in the reading curriculum. Science and social studies are a cross-curriculum component of the reading program.

The English Language Arts curriculum correlates to Louisiana Grade-Level Expectations (GLEs).
